CLUE #	CLUE	LOCATION
1	Do you want to warm up with a giant hot chocolate with sweet marshmallows ? You might think I'm nutty but I've been dreaming about this since high school .	
2	You may have to stop for a minute to count all 13 and keep in mind they are not always green.	
3	What came first, the chicken or the egg? You may have formally known this place as the Goodhue County Hatchery.	
4	Always in a manager (or barn) sits a family of gnomes ready to MEAT you.	
5	Why did the elves spell Christmas "N-O-E"? Because Santa said "No L!". Where you find "Noel" is the answer to this clue.	
6	The holiday season is filled with parties, gifts and lights. At this location, it is also a time of spiritual devotion because of a special child's birthday. Think like an adventurer with your compass set due north to find a family visited by three wise men with gifts of great worth".	
7	Unlike the traditional Christmas pickle ornament, we don't hide in trees! Come visit our office and find our hidden Christmas cheer inside. We INSURE that you won't regret it!	
8	This "unique" shop can help you find budget-friendly gifts. Red Christmas birds are keeping watch over passerby on their way to our "Sweet" neighbor. Who are we?
